Northern Cemeteries
Always

Always caring for the community in all its diversity

Acknowledgement of Country

In the spirit of reconciliation, Frenchs Forest Bushland Cemetery acknowledges the traditional custodians of this land, the Gai-mariagal People. The spirit of the Gai-mariagal can be found across the region and we honour the memory of their ancestors.

These traditional homelands are ancient and sacred to the Gai-mariagal who have a deep sense of belonging, both traditional and contemporary, because they are part of the world's oldest surviving, continuous living culture on the planet.

Our totem

The Rock Wallaby

Totems are a natural object or creature that is believed to have spiritual significance and can be adopted by particular groups as an emblem or symbol.

The rock wallaby is a major totem for the Gai-mariagal people who are the traditional custodians of the area, which today is known as the Northern Sydney region.

First animal that Biama, the Creator Spirit, made was the red rock wallaby and she used the red dirt and rubbed it all over the fur to make the creature red.

There are a number of different rock wallabies that live in the area, the pretty face wallaby, the black brown wallaby and the red rock wallaby.

The lesson of the red rock wallaby is about moving forward and not getting stuck in the past. Like its relative the kangaroo, wallabies can't go backwards.

Crypt levels

Height guide

About the levels

Crypt levels A and B are accessible to touch based on the average height of 1.7m. Level C may be accessible by some. For your safety, ladders are not permitted or provided. The cost of level D is reduced to reflect this limited accessibility. Often touch plates are available in this instance.

Crypt configurations

Below is a guide to the types of crypts available.

Single

For one casket/coffin.

Double

For two caskets/coffins arranged side by side.
